November 2006

Volume 7—No. 11

## Dairy Disaster Payment Program

Sign-up began November 1, 2006, for the 2005 Dairy Disaster Assistance Payment Program (DDAP-II), which will provide \$17 million to help dairy producers recover from 2005 hurricane losses. To be eligible for participation, a dairy producer must have suffered dairy production and spoilage losses from August through December 2005 due to the 2005 hurricanes Katrina, Ophelia, Wilma or Rita (or related conditions), and suffered the losses in an eligible DDAP-II county. A fact sheet on the payment program is available at [www.fsa.usda.gov/Internet/FSA\\_File/ddap06.pdf](http://www.fsa.usda.gov/Internet/FSA_File/ddap06.pdf).

DDAP-II participants will receive immediate payments to help pay operating expenses and meet other financial obligations. An eligible dairy operation's payment is calculated by multiplying the payment rate, which varies by state, by the operation's total eligible milk production losses.

Dairy producers can apply for the program at local Farm Service Agency (FSA) offices. Applications are available at FSA offices and online at [www.sc.egov.usda.gov](http://www.sc.egov.usda.gov) (Form number CCC-743). In addition, FSA provides two online worksheets to assist producers with calculating eligible losses, available at [www.fsa.usda.gov](http://www.fsa.usda.gov) (click on 'Price Support').

## Interim Final Rule Issued

Having received the approval of Appalachian and Southeast Order dairy farmers, the USDA has issued an interim final rule amending current provisions of both marketing orders. Effective December 1, 2006, these two Federal orders will be amended to:

- 1) Establish a variable mileage rate factor using a diesel fuel cost adjustor to determine transportation credit payments;
- 2) Increase the maximum transportation credit assessment rate on Class I milk from 9.5 cents to 15 cents per hundredweight in the Appalachian Order and from 10 cents to 20 cents per hundredweight in the Southeast Order; and
- 3) Establish a zero diversion limit standard on all milk for which transportation credits are requested.

## »»»»» Special Announcement «««««

The USDA is holding a public information session in Washington, DC on December 5, 2006 to address proposals it has received that seek to amend the Federal order Class III and Class IV product price formulas. See page four of this publication for more details.

## Blend Price Up \$1.03

The uniform blend price in Hillsborough County, FL, was \$15.73 per hundredweight for milk at 3.5 percent butterfat for the month of October. This represents a \$1.03 increase compared with the previous month but is \$1.96 per hundredweight lower compared with October of last year.

Class I utilization was 84.60 percent in October, a 3.92 percent decrease compared with the previous month and a 2.57 percent decrease compared to October of last year.

## National Dairy Situation

The USDA estimates that the total U.S. production of milk in September was 15.49 billion pounds, an increase of 1.6 percent from September 2005 and a decrease of 0.72 percent when compared with August 2006 on a daily average basis. Estimated total cheese output (excluding cottage cheese) was 785 million pounds, 5.3 percent above September 2005 but 0.5 percent below August 2006. Butter production was 103 million pounds, 2.0 percent above September 2005 and 16.3 percent above August 2006. Nonfat dry milk production was estimated at 64.9 million pounds in September, 8.5 percent lower than September 2005 and a decrease of 12.8 percent compared with the previous month.

The milk-feed price ratio, the number of pounds of 16% mixed dairy feed equal in value to one pound of whole milk, was 2.42 in October, a decline of 0.16 from last month.

## F.O. 6 - FLORIDA: CALCULATION OF UNIFORM PRICES - OCTOBER 2006

### Calculation of Uniform Butterfat Price:

	<u>Utilization</u>	<u>Pounds</u>	<u>Price/lb.</u>	<u>Value</u>
Class I Butterfat	47.74%	4,457,696	\$1.4207	\$ 6,333,048.71

## Florida Market Summary

The minimum order uniform price for payment to producers supplying the Florida Order marketing area in October 2006 is \$15.73 per hundredweight for milk with a 3.5% butterfat test in Hillsborough County. This is .965 times the uniform skim milk price of \$11.08 per hundredweight plus 3.5 times the uniform butterfat price of \$1.4396 per pound. Payment to producers may be adjusted by location differentials, if applicable, and by properly authorized deductions.

Uniform prices are the result of marketwide pooling; all producer milk was classified and priced according to the milk's use. In October, Class I use accounted for 86.02% of all producer skim milk (priced to handlers at \$7.72 per hundredweight, plus the Class I differential and 47.74% of producer butterfat (priced to handlers at \$1.4207 per pound plus Class I differential). Class II use accounted for 7.56% of all producer skim milk (\$7.06 per hundredweight) and 35.71% of producer butterfat (\$1.4219 per pound). Class III use accounted for 0.19% of all producer skim milk (\$7.64 per hundredweight) and 2.45% of producer butterfat (\$1.4149 per pound). Class IV use accounted for 6.23% of all producer skim milk (\$6.80 per hundredweight) and 14.10% of producer butterfat (\$1.4149 per pound).

Receipts of producer milk during October 2006 totaled 249.9 million pounds, 20.7 million pounds more than was pooled in October of last year. Florida producers supplied 141.3 million pounds of milk in September 2006 to pool plants or 60.97% of the total producer milk pooled in Florida. In September 2005 Florida producers supplied 64.35% of the total producer milk pooled on the Florida market.

There were 12 regulated pool distributing plants and 5 cooperative associations submitting reports of receipts and utilization that were included in the computation of the uniform prices for October 2006. In-area Class I route disposition totaled 236.7 million pounds in September 2006, 10.5 million pounds less than September 2005. This is a decrease of 6.7 percent after making adjustments for calendar composition.

### »»»»» Special Announcement «««««

#### **Pre-Hearing Public Information Session Regarding Class III and Class IV Price Formulas**

The USDA has announced a public information session will be held to address proposals it has received that seek to amend the Federal order Class III and Class IV product price formulas. The purpose of the pre-hearing information session is for interested parties to learn about the intent of proposals that have been submitted to amend Class III and Class IV product price formulas and how the proposals would accomplish that intent. The session is intended to clarify the intent and effect of proposed amendments. The session will enable proponents to better prepare testimony and evidence in support of, or in opposition to, proposals that may be included in the Hearing Notice announcing the Class III and Class IV product price formulas hearing.

The Department recognizes the importance of Class III and IV product pricing formulas and is hosting this pre-hearing public information session to ensure that all proposals received are fully understood. The information session will not become part of an official hearing record and will be conducted outside of ex-parte rules thus allowing government officials to freely discuss proposed amendments. Participation in the information session is strongly encouraged by all parties who have submitted proposals.

The session will begin at 8:30 a.m. on December 5, 2006 and will be held in the USDA Whitten Building, 1400 Independence Avenue, SW., Room 107-A, Washington, DC 20250.

Submitted proposals and information regarding the purpose and procedure of the information session are available through the Dairy Programs web site at [www.ams.usda.gov/dairy](http://www.ams.usda.gov/dairy).
