### FOOTNOTES

1/ The manufacturing allowances and butterfat yield factor used to compute the Class II, Class III, Class IV, and component prices in this announcement, as well as future computations of Class II, Class III, Class IV, and component prices factors, and Federal order minimum prices will use the revised manufacturing allowances and butterfat yield factor contained in the Interim Final Rule published in the Federal Register July 31, 2008 (73 FR 44617).

3/ The 20-cent per hundredweight processor assessment is an obligation under the Fluid Milk Promotion Order (7CFR§1160.101 et seq.) imposed on any person who processes and markets commercially more than 3 million pounds of packaged fluid milk products on a monthly basis. Deliveries to consumer residences are excluded. Effective February 29, 2016, processors of certified “organic” and “100 percent organic” fluid milk products may apply for an organic assessment exemption for those products.

4/ Payment to the Transportation Credit Balancing Fund is a marketwide assessment pursuant to §1007.81 of the order. The assessment of $0.30 per hundredweight is applied to the total pounds of Class I producer milk.

6/ To be announced April 29,2020.

8/ Per §1007.83 (b).
